# **ROWERS WORK HARD** AT HARLEM REGATTA

tween New York and Philadelphia Crews.

SOME SPECTACULAR RACING.

Columbia Harlem Senior Eights Break All Records, the Winner Crossing the Line Four Feet in Lead.

New York, May 30.-Thousands of spectators witnessed the rac's of the Harlem Regatta Association, held on the one mile eedway course, Harlem River, to-day. The water was in fair condition all day, although the wind was a little too strong for the shells during a few of the races. The honors were evenly divided among

the local and Philadelphia clubs. Three crews contested in the senior eights, Columbin, New York Athletic Club and the Harlem Club of New York. The New York Athletic Club got the better of the start, but had not gone an eighth before they were overhauled by Columbia and

Then came one of the prettiest eight-oared races ever seen on the Harlem, be-tween the Columbia and Harlem crews. It was a neck and neck struggle to the finish, the Harlems winning by four feet and breaking all previous records, the time be-ing 4.34.

In the final heat of the junier single sculls Hunt of the Metropolitan Rowing Club kept a lead for the half, but wore himself completely out and finished third.

A. Fraser of the Columbia, a mere boy, got a lead over Hunt, and won easily in 632.

The association single event proved a comparatively easy race for Louis Scholes of Toronto, who had no trouble to get a lead a few feet after the start, and was never head, winning in 5:4415.

Titus Beaten by Scholes.

In the senior singles race, the star event of the day, C. S. Titus of Union, N. Y., got sway before the others at the start. Juvenal, the Philadelphian, fell back after the quarter and was outclassed. Bond, another Philadelphian, was soon back with Juvenal. At the half Titus had a lend of a length, but after the naif seemed to be up to his limit, while Scholes, the Canadian, had plenty of grit left and gradually closed up. At the three-quarters they were on even terms and Scholes gradually drew away and won by a length and a half in 6:17. Budre, the Bohemian sculler, was a close third.

race from clumbia and Cornell on the Na-

race from clambia and Cornell on the National course on the Schuyikill River, in Fairmount Parix, this ariternoon.

Columbia was two lengths behind I cnnsylvania at the finish, and Cornell was five lengths to the rear of Columbia. The course was one and a half miles straightaway, and Pennsylvania's time was 8:18.

Considering the conditions, the race was a good one. A strong wind blew directly up the course, which made the water choppy, Large crowds lined both thores, and there was much enthusiasm over the home crew carrying its colors to victory.

Pennsylvania had the west or inside position, with Columbia next to be, and Cornell on the outside. The start was a good one, Cornell catching the water first. Columbia followed an instant later.

The Ithacans took the lead and held it for 200 yards, when Columbia overhauled them and shot ahead. Pennsylvania was slow in getting into her swing, but when she finally settled down the red and blue shell moved swiftly, and at the quarter-mile mark forsed to the front.

From there to the finish the Quakers were never headed. Cornell was steadily failing behind. Half way down the course, in an effort to catch Columbia, she got into rough water, and was out of the contest. A quarter of a mile from the finish Columbia made a grand spurt, but Pennsylvania maswered the call of her coxswain to "hit 'er up," and the New Yorkers were held at safe distance down to the finish. tional course on the Schuylkill River, in

### CORNELL WINS EIGHT-OARED RACE. Syrncuse Second by Three Lengths. Well Ahend of Harvard.

Ithaca, N. Y., May 50.-Cornell easily wor the triangular eight-oared boat race on Lake Cayuga to-day. Syracuse finished second, over three lengths behind the winner and Harvard's eight was beaten by
more than four boat lengths. Cornell covered the two miles in 19:48.

Owing to rough water the race was postponed for two hours. The observation train
pulled out to the start about 5:18 o'clock,
but it was 7:29 o'clock before the crews took
their positions and roceived the word from
Referee Brandegree.

All the crews caught the water together,
Cornell rowing at a rate of thirty-four
strokes to the minute. The Syracuse stroke
was Mirty-six, and Harvard's thirty-eighth.
After a dozen strokes each crew settled
down to thirty-one, thirty-two and thirtyfour, respectively. Cornell maintained this
rate practically throughout.

Syracuse rowed thirty-two until near the
finish, when Harvard threatened to go to
second place. Then Coach Sweetland's
men answered to the call and increased
their lead to a length and a half over the
crimson.

The Ithacans worked easily all the time second, over three lengths behind the win-

The Ithacans worked easily all the time and were fresh at the finish. Two or three of the Syracuse oarsmen were exhausted. Harvard's men were less fatigued.

# CHAMPIONSHIP GAMES TAKE PLACE TO-DAY

Honors About Evenly Divided Be Harvard Has Nineteen Men and Yale Eighteen Men Eligible for the Finals.

TRIALS FULL OF INTEREST.

De Witt of Princeton Breaks All Records in Hammer Throw, Easily Beating Plaw of California by Twenty Feet.

New York, May 30.-The showing made by the athletic collegians in the preliminary heats and trials in the track and field contests which took place at Berkely oval today give promise that some unusually clev-er performances will be seen when the semifinals and finals of the intercollegiate championships are being decided to-morrow. As was expected, Harvard and Yale outranked all the other colleges in the number of men who qualified from each. Harvard has nineteen and Yale eighteen on the list of eligibles for the finals to-morrow. Next has nineteen and Yale eighteen on the list of eligibles for the finals to-morrow. Next in point of numbers is Princeton, with eight, California has seven, Pennsylvania nve, Cornell four, Amherst three, Columbia, Georgetown and Syracuse two each and Rutgers and Williams one each.

Harvard is the favorite in what little betting has been done so far, but if the protest made by Yale against Schick, the Harvard sprinter, who won his trials in the sprints to-day rather easily, should be sustained, Yale would gain a decided advantage, as harvard would lose either 8 or 10 points.

Some disappointment was felt at the showing made by A. D. Plaw of California in the weights events. He falled to qualify in the shot-put, his best effort being 40 feet 8 inches. De Witt of Princeton tied for fourth place in the list of sive who qualified, with a put of 41 feet 8 inches. De Witt distinguished himself in the sixteen-pound hammer throw by breaking all previous intercollegiate records, as he threw the missile 161 feet 10 inches. Plaw was his nearest opponent, with 14 feet 7 inches. The summaries:

High School athletes won the scholastic hempionship yesterday in a hotly-contested meet. At various stages of the contests to have strong chances for first place. Until the running of the last event, victory was not assured to any institution and the final heat of the relay race, which was captured by Ben Gray, settled the meet decisively in High's favor.

With the programme of the meet com-pleted except for the relay race, the total of points stood 36 for High School, 33 for Smith Academy and 30 for the Western Military Academy. Five points were scored for a win, three points for second and one point for third place, so a victory for Smith

point for third place, so a victory for Smith Academy in the relay would have won for that institution, provided the Western team finished, in second place, A sensational spurt by Ben Gray in the final lap of the relay, however, won first place in the event for High School and gave them a total of 41 points. Smith Academy finished with a total of 34 points. Western was close behind with 15 points.

Advantage in the matter of points fluctuated as the meet progressed. Western obtained a commanding lead in the first two or three contests, only to be passed by High School, with Smith showing poorly in comparison. Smith Academy boys took a sudden spurt midway through the meet, however, and toward the close seemed to have the event well within their grasp. Had they been able to win the hammer throw, a different story might be told of the repult, but Lamb of High won in rather easy style.

Pole Vault Closely Contested.

Probably the most closely contested svent of the day was the pole vault, in which Smith Academy boys finished first and second. Lambert and Bauman of Smith and Mousse of High, an evenly-matched trio, struggled to best one another in trial after trial over the bur, the height of which was steadily raised until Lambert won, with a vault of 110 inches. His performance showed good style and he gives great promise in this event.

ise in this event.

Stannard of Smith probably had his competitors in the hammer throw beaten in point of strength, but Lamb of High had the style of the party. After a close contest with S. Smith of Western, Lamb won the event with a throw of 192 feet 4 inches. Smith getting second place from Sacks of the High School.

Hodgen of Smith won the 120-yard hurdle rather easily, Lawrence of the same school proved a surprise in the 220-yard event over the sticks, winning from Hodgen with something in reserve, although Hodgen was closing fast at the finish and was but a yard or two behind. Masen of High School was third.

Holland of the Western Military Academy was the chief point winner for his school, capturing first place in the 100, 220 and 440 yard dashes. He finished second in the relay race on the last lap. He was all out at the close of this last event, his exertions in the previous races having evidently tired him. At that, he had such a commanding lead at the commencement of the quarter that Ben Gray's sprint was one of the most sensational incidents of the day.

The relay race was for one mile, each member of a school team running a quarter of a mile. Hodgen for Smith and Messing for High alternated in the lead for the first quarter. Hodgen touched his relay man alightly in advance and sent him off with a lead over Braun, High's second relay. Braun made up the distance, however, and sent Minges off with an equal start in the third relay.

Western representatives had been trailing to this point, but here they moved up. On the final lap High and Western were abreast, with Smith Academy trailing, and in the last quarter Holland was sent off for Western with a lead of at least fifteen yards over Ben Gray, who got off absolutely list. Holland easily shook off the Smith Academy representative, and turned into the stretch still ten yards in advance of Gray, who had worked up to second place. It looked all over Western's race, but a terrific sprint by Gray in the last 100 yards won the event for his school. He fell over the tape exhausted, and beat Holland by two yards. The effort wore Gray completely out, and he had to be carried to his dressing-room.

Rather a pretty contest was witnessed in the running high jump. Moll of Smith Academy won with a jump of 5 feet 14 inches. Allison of Western was second and Hodgen was third.

Weather conditions kept down the crowd greatly, and the attendance at the meet was light.

# Paine's Celery Compound

Banishes Disease, Establishes He-Ith, and Gives Us Physical Strength to Maintain Our Place in Life's

Many of us find life hard and full of pain. While we cannot well avoid the sufferings that result from wrongs and njuries, we can keep ourselves from the pains and ravages of bodily ailments and diseases, and maintain that full measure of health that will enable us to meet the wrongs that assail us

from day to day.

If you are run down, fretful, despondent, irritable, sleepless, be assured you are becoming physically impaired and weakened. If the relaxed and sluggish action of the excretory organs has lead-ed the blood and body with poison, pro-ducing headache, rheumatism, neuralgia, kidney and liver troubles, then disease

is encircling you in its chains.

Prompt use of Paine's Celery Com pound will save the weakened parts of the body from yielding to disease. The great medicine saves weak and en-feebled nerves from prostration, and removes every feeling of exhaustion and despondency. It cures and saves those who are bound by disease and suffering

and gives them a new lease of life. Ex-Alderman Fred G. Brenner Troy, N. Y., a popular and esteemed cit-izen, who thanks Paine's Celery Compound for his present rugged good health, writes for the benefit of weak, nervous and dyspeptic sufferers. He

"For several years I suffered from nervous troubles. I could not sleep well; nerves seemed to be weak; I had dyspetite began to fail me, and I was dis-couraged. A friend of mine recommend-ed me to take Paine's Colore Commendtook two bottles and began to feel better, and by the time I had taken four bottles I was a well man. I have to thank Paine's Celery Compound for my rugged good health to-day."
